

Ontario Air and Noise Best Practices

Topic	Sample Application Package for an Air & Noise Certificate of Approval	Date: June 3, 2009 Version 1.0
Purpose	To provide guidance on how to apply for s.9 approval Air & Noise using O.Reg.346 and the Noise Screening Process	Page 1 of 1

When making an application for an Air & Noise Approval, practitioners should follow the “*Sample Application Package for an Air & Noise Certificate of Approval*” posted on the ministry website.

It provides an example of a complete application submission for an Air & Noise Certificate of Approval that includes the following:

- Supporting Information for a Maximum Ground Level Concentration Acceptability Request Supplement to Application for Approval, EPA S.9;
- Emission Summary and Dispersion Modelling Report that incorporates the use of the O.Reg.346/90 dispersion model; and
- Noise Screening Process for s.9 Applications, Supplement to Application for Approval.

The link to the ministry website is as follows:
